Dear Mr. Carte,

Unfortunately, Im do not know Ralph Nader. However, although I do not think he lives in Washington, I have checked the phone book for Washington and its Maryland and Virginia suburbs and there is no phone listed in his name.

I think he lives somewhere in Connecticut.

If you write him c/o Grossman publishing Co., New York City, it should reach him. They published his first book. Any bookstore can give you Grossman's address, or your library can.

Sincerely,

Harold Weisberg
